

To All Potential Sponsors:

We're reaching out with a special invitation to partner with us on a milestone event that will introduce the next generation of girls to the game we all love.

This year, the **Women's South Shore Golf League (WSSGL)** proudly celebrates its **100th Anniversary** — a century of growing women's golf on the South Shore through friendship, competition, and community. To honor this historic moment, we're teaming up with **Marshfield Country Club and Mass/Golf** to host **Girls On Course**, a **free junior girls' golf clinic** on **June 24**, open to girls ages **5–17**.

This clinic isn't just a fun day on the course — it's a chance to **spark confidence, build skills, and open the door to lifelong participation in golf**. With local golf professionals donating their time and League members volunteering throughout the day, we're committed to making this a first-class experience for every participant.

To make that happen, we're seeking sponsors who want to:

- **Support girls' athletics and youth development in our community**
- **Help grow women's and junior golf for the next 100 years**
- **Be visibly recognized as a leader in local community investment**

Your sponsorship directly helps cover clinic essentials — equipment, instructional materials, refreshments, and participant giveaways — ensuring that every girl who attends feels welcomed, included, and excited to come back to the course.

A sponsorship form is attached with several levels of financial support. Every contribution matters, and we would be proud to recognize you as a key partner in making **Girls On Course** a memorable, empowering day for these young golfers.

If you'd like to discuss sponsorship options or have any questions, I'd love to connect — please email either myself at dmannese@comcast.net or Maureen Cawley at mocawley@gmail.com.

Thank you for considering being part of this important celebration and investment in the future of the game.

Warm regards,
Deb Annese, Chair WSSGL Centennial Committee
